## Talk Free, Style Free

### Easy Caller Identification

Caller ID with 50-Number or Name Call Log\*

Thanks to Caller ID\* capability, you'll be able to see the phone number of an incoming call on the LCD. If the caller is registered in the phonebook, their name will be displayed.

\* Requires subscription to a Caller ID service offered by a telephone company.

### Instant Recall

50-Name & Number Phonebook

Built-in memory stores up to 50 station names and numbers in a single handset. You can access phone numbers quickly.

### Even in the Dark

Illuminated Display

The handset features amber-coloured, easy-to-read LCD (14-segment, 1-line, 12-digit with symbol) with backlight for easy operation.

### Long-Time Conversation

17-Hour Talk Time

With long battery life design, up to 17 hours of continuous use available with a single charge.

### Low-Power Consumption Design

150-Hour Standby

Up to 150 hours available in the standby mode even when the handset is not connected to the base unit.

Please note that some models may not be available in some areas.  
Charger is wall mountable.
